*Loving enlightenmen...
of the new age*

the diagnosis-treatment-transformation processes run individually until 1-3 months! Yes it may go so simply and save me as a user and yourself the time to list all complaints and any verbal explanations of your situation are therefore obsolete / no longer necessary! For some people seeking help, individual regressions with voice messages can be considered in order to learn something new with the souls of the social environment and to dissolve healing blocks and curses in the very first incarnations, so that the RV 1-13 can flow through you freely at the best time! With the healing process in place, the following 2nd RV to the 13th can also follow shortly afterwards. Just ask. Remote healing treatments without calling +49 1601000160 Telegram / SMS are only possible with text messages and voice messages. Calls would otherwise technically stop voice messages being sent to those seeking help! I need your texts or the speech to read them in order to find solutions.

Online appointments with „reasons for visit“ with only a few clicks are important to plan only the 1-2h TREATMENT TIME first. The necessary method results beforehand in the text via chat or mail. You pay attention with the first registration in the lower text field with the booking to the indication of the complete address for the calculation with osteopathy diagnosis or with application by remote healing 30% more effective or personally with RV 1-13 with two dates in each case 116€ therefore 232€!

Contact-free payment is possible via EC-card or in case of remote healing via bank transfer after receipt of invoice PDF or PayPal to info@osteoko.de!

First aggravations are always possible and with osteopathy as well as with RV there is actually no aggravation from 1-3 months! Should, however, contrary to expectations, a negative reaction occur directly or after a few days or later, it is everyone's responsibility to contact me immediately by phone / email or Telegram Chat in order to dissolve healing blockages, beliefs and, if necessary, curses in the form of a regression into a single past life.

Your companion on your path of self-healing and self-discovery.

Dear help seekers

We are in a highly exciting time where every single human being is called to recognise and remember how special she and he is, in order to then find the divine spark of enlightenment! In the transition from the industrial age to the new age with more loving togetherness, everyone has the personal responsibility to look at what upsets or criticises them about other people and to dissolve it. Contrary to many fears, healthy initial scepticism and uneasiness about a new way of treatment, every person seeking help comes to the energetic-medial healing treatment at the right time and to the reconnections RV in the course of life up to 13 times.

Many who have already gone this way are annoyed why this way was not gone earlier, because once one has started to go this way, it is much easier later than to continue to live with the complaints and symptoms. It can be interesting to read the three-dimensional cinema of life and search the body for blockages and adhesions in order to treat them. Some still think you can do it alone, but then you put illusions on your own ego or it looks from the outside as if you are devilishly occupied, but this is an illusion of the soul. The divine equation or quantum formula is $1 + 1 = 3$. Many will not understand this sentence, but that is exactly the point. It is simply about coming into the simplicity of being, to let go of the dominating mind, wrong ways of thinking, learned old knowledge through books, internet search engines and family imprints. In this day and age, there is no need to question how to do this, because it is simply a matter of deciding NOW to take care of yourself and your self-love and not to search too hard on the outside! There is a funny saying in the refrigerator: „You won't find what you are looking for here!

In the process of change from a head person to a feeling person, not much activity is necessary, because contrary to the belief that much helps much, or that it must crack during the adjustment, in reality it is quite different. The cause of the illness lies much deeper than one can imagine before the learning process, because the soul has individually taken different information into this life, which expresses itself through the body and the psyche! I could write a lot more explanations, but I leave it up to you to decide when to en-

ter into the simple healing process of opening the heart and thus your connection to the soul, or if not, they will enter and dry out in several years of observing people, which shows itself most quickly with a slipped disc! But also on other levels the later decision to the soul back connection way shows up. In some cases low to high percentages of narcissism (self-absorption, one looks too much at the outside and makes a monkey out of one's fellow human beings), borderline (one does not feel oneself and is not completely there), manic-depressive bipolar patients, hypochondriacs, egoists - money-grubbing or conversely co-dependent people who connect their existence to others instead of to themselves and do not recognise their own abilities. Addictions, eating disorders, faster ageing and figure problems in both directions are also treatable!

This is what return connections look like.

Other issues that could be resolved (without promises of healing) from old past lives and incarnations: Paedophilic tendencies, incest, forced marriages, epilepsy, compulsions, circumcisions, rapes, assaults, sadistic control, cry baby, colic, repentance for what one used to consume too much such as alcohol avoidance which now makes one mentally ill when not consumed, coffee surfeit, caffeine allergy, arrogance, intolerance, getting more involved or out, father glorification - hatred, father who means well and overstimulates his girl or mother who gives her son intimate kisses when changing nappies, children's reproaches because they could not understand why HE left the family at the time, excessive mothering, mother who cannot let go of her son, too content not to get upset and to keep everything bottled up, stubbornness, intransigence, etc. Nose widths for snoring & concentration disorders is possible in person or by remote healing, vaginal touché only remote treatment with migraine headache reference hysteria uterus possible, libido and orgasm disorders, intimate herpes, thorn warts, genital warts, potency disorders, blockages of polyamory or heart liberation to 2+ sexual partners.

Essentially, life development is about shifting from the mind-head to the gut-feelings, i.e. intuition. Be open and just let the energies flow! Experiences taken along in billions of incarnations of having acted too much

/ too little or having progressed show up in cold and blocked hands and feet! The scientific-anatomical confirmation of all applied energetic healing treatments can be explained quite simply and clearly like this. Every human being has the task in life to TRUST the gut feeling and to pay more attention to the intestinal mesentery, because it is larger and more voluminous and has more nerve cells! In return, in the skull, the enclosed smaller mind-brain-mesentery is to be neglected to the smaller comparison, without thinking one becomes stupid. Healing blockages can also be explained in this way, if in individual people it looks as if someone has..... into your brain! Declare war on your devilish mind and devilish-satanic thoughts and build up the connection to your feelings! We humans are emotional beings. As JESUS mentioned earlier the ETERNAL LIFE, only he meant our souls and this is wrongly evaluated by heart-closed people in the EGO! If one is too much in the mind - ego, then one often cannot or does not want to recognise that when it comes to relationships, there are no coincidental meetings. Every human being is either a test - punishment, a gift or after the process of consciousness according to RV a SOLID!

Let us now start to get to the point in order to get away from old ways of acting like much ado about nothing and too much beating around the bush, or do you want to go on living life as a daydreamer and with the body tension like a robot? Because the ever-increasing vibrational elevations will accelerate the ailments faster than before. But the other way round, the healing path with the energetic soul connection has also become faster and months later you could even observe the rejuvenation of the body Re-Aging as a reward.

You may ask yourself, how do I get on my path or how can I achieve this? It is simply quite simple and I am writing here with 15 years of experience and can offer you a symbolic shortcut to achieving your life goal RV1-13!

Strengthening of the renewal functions and the self-regulation forces. Permanent impregnation of a permanent smile or smile. Outside of the social environment, an automatic karma clearing up to the 13th RV takes place, in order to be more connected with billions of connected past lives later after two reconnection appointments of 1h each have been carried out. Soul progress or soul acceleration and thus faster progress in life. Buried abilities become conscious again and the trust in intuition is strengthened and positive past life memories are reactivated. Gentle end-of-life care is also possible with it.

Since 2017, only the soul consent of a person in need of help is requested! As very strong energy flows will come, you actually only need TRUST in the process, where from the healing energies of Archangels, Arcturians, Hators, White Brotherhood, Elohime, Seraphins make
